FOUR THOUSAND AMATEUR ACTORS AND ACTRESSES

In Outdoor Spectacular Representations of Church History Episodes.

London, June 10.—The English church pageant, which will consist of the rendering in outdoor setting of a series of spectacular representations of episodes of church history, was opened on the grounds of Fulham palace, overlooking the Thames, at Putney today.

The pageant, which is under the patronage of the Archbishop of Canterbury and the Archbishop of York, was organized with the idea of popularizing the history of the church, affording instruction to the masses, and incidentally bringing financial assistance to various state charities. The presentations will be given at 2 p. m. and 8 p. m. 27 six days. The history of the church, from the earliest times down to the present, will be depicted by a body of about four thousand amateur actors and actresses. The palace grounds are splendidly adapted to this purpose and the rendering of various scenes with the old palace as a background.

ground and the characters dressed in the costumes of the period, will be realistic.

LINE DRAWN IN USE OF MAILO.

Strikers May Not Send Letters to Deceive Strike Breakers.

Denver, June 10.—It is a fraudulent use of the mails for any one in the interest of strikers to write to strike breakers offering them positions in other towns when such positions do not really exist.

This was the decision of the federal court yesterday in the case of Thomas Hill, a member of the Machinists' union, who was charged with influencing non-union men employed by the Denver & Rio Grande railroad during the machinists' strike to leave the city on the promise of work in Kansas City. The evidence showed that the prospective work in Kansas was pure fiction. Hill's attorneys will appeal.

Alexander's Lake has some new power boats, owned by cottages, added to its fleet this year.

Tramps Keeping Away.

The recent raids on hobo camps near Dayville, which resulted in twenty of them being sent to the county jail, is having its effect. The undesirable are cutting local railroad trains out of their stop-over lists. Putnam has not been a hospitable point for tramps for many a long day, and with Dayville and Danielson having a war of extermination against the weary ones, their lot has become such as to make their freedom an uncertain privilege. They are fighting shy of these towns.

League Rule to Settle Rival Protest. Apparently there is a distorted view in the minds of some of the most ardent admirers of the Putnam team as to the case of Pitcher George Rivaldo, who has been protested by Manager Benoit of Tataville. The decision in the matter will be arrived at under the league rule adopted to cover such cases, and not by considering the matter from outside viewpoints. The league rule provides that any player who is acceptable to a majority of the managers of the teams in the league may play with the team signing him. It makes not a whit of difference if he be a Mathewsona Mullin or a Raymond, so long as the managers agree to let him play. If a majority of them do not so agree, he cannot play; and that's the end of it.

Justin S. Greene Recovering. Justin S. Greene underwent another serious operation at the Worcester City hospital last Monday. Mr. Greene stood the operation fairly well, and at present is in a fair way to recover from the shock. Mrs. Greene remained with her husband in the hospital until Wednesday morning.

CRASH OF PASSENGER TRAIN. Thrown from Main Line to Sidetrack and Runs into Freight.

Cleveland, O., June 10.—Three persons were injured and a hundred or more had a narrow escape from death or severe injury today when a Wheeling & Lake Erie passenger train crashed into the rear end of a freight train. The passenger train entered the city yards at a lively clip. Suddenly the train was thrown from the main line of a side track by an open switch and into the rear of the freight. The engineer, James Honer of Canton, remained on the engine and slackened the speed somewhat. He was slightly injured. Mrs. J. Bower and her small son of Hartville also were hurt.

"Blanche is simply hopeless," exclaimed a lady who has been trying to teach a friend to play whist. "Why?" asked her husband. "I began by asking her if she knew the value of cards, and she said, 'Why, certainly; about a quarter a pack.'"—Stray Stories.
